

September 13, 2024

Good Afternoon Clipper Families,

We are one week in, and wow we can't say enough about the great things happening here at Cunard! Again, thank you for your support around the new cell phone directive. Lunch time is now lunch rooms full of students playing Jenga, Chess, Checkers, Snakes and Ladders, Uno and so much more! It is so refreshing to see the laughter, exploration and interaction between students. Student engagement is continuing to rise in class and teachers are really enjoying getting to know the students they teach. We had a sea of Pink for Pink day as well! Well done Clippers!

Sports, clubs, and committees will all be starting up in the next few months. We sent out a link for parent's should you wish to volunteer to help out in some capacity. It's my understanding the link worked for some and not for others so if you have a special skill, talent, experience coaching, or are involved in the arts and would like to offer something here at school, please just send an email to jsabadash@hrce.ca and I will get your information to the appropriate people! Many hands make light work and we'd love to offer a variety of opportunities for our students! I know we've had a number of students interested in a choir so if you have any experience with choirs or know someone that does, we can have a teacher assist them if they'd like!

Our Terry Fox run is approaching! On September 27th (Rain Date Oct 2) students will be taking part in the annual tradition that supports cancer research while building school spirit! Please support our student's fundraising efforts and donate today at:

<https://schools.terryfox.ca/CunardJuniorHigh>

The link will also be posted in the news feed on the school website.

If you ever feel out of the loop, please check our website. We are continually uploading information, and beginning Monday under the "Announcement Archive" you will find the day's announcements that were made for students about events happening here at school.

Our lunch program will be rolling out soon. We are currently in negotiations and will be sending information out soon!

Just a reminder we are a scent aware and nut free school. We'd also like to remind parents to please keep the front driveway/circle clear of cars so busses have access between 7:45-8:10 in the morning as well as between 1:55-2:20 in the afternoon.

Thank you so much and enjoy your weekend!
