

Good Afternoon Cunard Families,

We had our first lockdown drill this week. Students were excellent, and we were very pleased with how the drill went. We are excited to share we have received several applicants for the lunch monitor openings here at Cunard. Over the coming weeks, we will be introducing our new monitors as they arrive. This allows some staff to be freed up during lunch to offer other programs, so we are excited to announce we will be starting grade 5-6 intramurals on one day, and grade 7-8 on another. Please stay tuned for details! Thank you to those parents who have contacted us regarding helping out with extra curricular activities. Soccer is underway and cross country is beginning. The Gagaball pit is hosting some great games as well, and we are currently in talks with HRM over the possibility of placing a second Gagaball pit for our grade 5 and 6 students. Next week we will be hosting our Terry Fox Run on Friday September 27th. Please return any permission forms that have come home so we can ensure your child is included in this great cause. We will also be conducting our first hold and secure drill with students. During this drill, students are simply asked to continue their learning in class while no students are permitted in or out of the classroom until the hold and secure is lifted. Students remain at their desks during a hold and secure as teaching continues.

We hope everyone has a great weekend!
