

# Cunard Junior High School

Home of the Clippers

Good Afternoon Grade 5 and 6 Families,

We have some great news! HRCE has informed us we are getting another teacher! This allows for us to now have three smaller grade 5 classes and three smaller grade 6 classes. We understand this can be both exciting and worrisome for students so we have created a google doc that will allow you to list 5 students your child would like to be in class with. We ensure all students have one friend with them in their class. We will be reaching out as well to let you know of a start date once everything is in place to ensure the learning environment is set up for success. The new class will be located in the grade 5/6 wing. We ask that the class form be completed by Tuesday October 3<sup>rd</sup>. We have sent home an email with the information as well. If you do not have access to a computer, please call the main office with the information. Please see the link below and do not hesitate to reach out with any questions you may have.

As always, thank you for your patience and cooperation.
