

Band Registration Form 2017-2018

Dear Band Students and Parents,

This letter is being sent home so that we can start to plan for next year's band program. Schools are asked to perform registration for various programs at this time of year and this is why you are receiving this now. I encourage anyone to contact me should they have any questions about this form or the band program.

At the end of this document is a form that needs to be filled out and returned to me. It is important that whatever decision is made is clearly indicated on the form. The last thing anyone wants is there to be a misunderstanding and last minute changes once the next school year begins.

"The things I learned from my experience in music in school are discipline, perseverance, dependability, composure, courage and pride in results. . . Not a bad preparation for the workforce!" - *Gregory Anrig – President, Educational Testing Service*

Music students out-perform non-music on achievement tests in reading and math. Skills such as reading, anticipating, memory, listening, forecasting, recall, and concentration are developed in musical performance, and these skills are valuable to students *in* math, reading, and science. - ***B. Friedman, "An Evaluation of the Achievement in Reading and Arithmetic of Pupils in Elementary School Instrumental Music Classes," Dissertation Abstracts International.***

Thank you,

Trevor Huskins
